**“LES OCCASIONS DU MULTICOQUE” - PRE-OWNED MULTIHULL BOAT SHOW – Canet-en-Roussillon  
from 1 to 4 October 2015**

***A new and unique concept reserved for pre-owned multihulls...***

An original idea that will be worth the visit: the Mediterranean port of Canet-en-Roussillon is preparing itself to receive the world of multihull recreational boating with a host of vessels in search of a second owner from next 1 to 4 October.

It is a new phenomenon that is arousing a great deal of interest - the volume of multihull production of the past twenty years justifies the establishment today of a boat show exclusively reserved for pre-owned multihulls.

Numerous registrations for the event have already been received and attest to the popularity of the event among professional pre-owned boat dealers.

Around forty sail and motor catamarans of all makes, from 35 to 85 feet, are already programmed for the Ecoute basin of the port of Canet, on a specially organised space afloat.

In addition to the floating multihull show, visitors will also find an exhibition village of yachting professionals who will be there to help future owners with their purchase: finance companies, insurance brokers, maritime surveyors, suppliers of on-board equipment, service providers, engineering offices... All the trades will be present to respond to customers' needs and carry out on-the-spot estimates of the overall budget for the purchase and any work planned for the catamaran of their choice.

This boat show will be the time for multihull enthusiasts to find the pre-owned boat of their dreams, whether it is for great holidays or for blue water cruising with the family.

The Multihull is certainly the ideal boat for transoceanic voyages - more and more families welcome the space they provide for harmonious on-board living. Catamarans enjoy unique advantages: living space, but also brightness, stability and a user-friendliness that is increasingly appreciated and suitable for all.

Finally, THE PRE-OWNED MULTIHULL BOAT SHOW will be the opportunity to discover Canet, the know-how of its yachting professionals who will be on the spot for the occasion and their expertise in the domain of refits, with the added bonus of the Roussillon "terroir" and Catalan tradition.
